

# Individual Reflection

## Week 7

### **What do I want to learn or understand better?**

Don't know really

### **How can I help someone else, or the entire team, to learn something new?**

Same as before. But try to sit and work more with team members on campus since it is easier to assist each other in place.

### **What is my contribution towards the team's use of Scrum?**

As usual I also did the following:

- Sprint planning meeting
- Sprint review
- Sprint Retrospective
- Worked on user stories during the sprint

### **What is my contribution towards the team's deliveries?**

Worked on our app. Implemented design features and logic.
