

Individual Reflection

Week 5

What do I want to learn or understand better?

How to implement interface design I Android Studio. Make it modular and reusable.

How can I help someone else, or the entire team, to learn something new?

I answer quickly if someone asks for help and share what I know as well as trying to come up with a solution by testing and researching.

What is my contribution towards the team's use of Scrum?

- Sprint planning meeting
- Sprint review
- Sprint Retrospective
- Worked on user stories during the sprint

What is my contribution towards the team's deliveries?

I have worked together with half of the team on a code architecture for the survey and the implemented of it.
