

Individual Reflection

Week 3

What do I want to learn or understand better?

Backlog grooming.

How can I help someone else, or the entire team, to learn something new?

Share what I have learned while studying our clients api and tested firebase.

What is my contribution towards the team's use of Scrum?

- Sprint planning meeting
 - Create epics and users stories
 - Estimate
 - Planned sprint
- Created definition of done
- Sprint review
- Sprint Retrospective
- Completed user stories during the sprint

What is my contribution towards the team's deliveries?

Same as question above. Also tested a potential online database and ways we could solve our clients needs.
