EMELIE EDBERG

Individual Reflection
Week 4

What do I want to learn or understand better?
I don't know really.

How can I help someone else, or the entire team, to learn something new?
I answer quickly if someone asks for help and share what I know as well as trying to come up with a solution by testing and researching.

What is my contribution towards the team's use of Scrum?
- Sprint planning meeting
- Sprint review
- Sprint Retrospective
- Worked on user stories during the sprint

What is my contribution towards the team's deliveries?
I have worked together with others on some user stories. Also I can't help to try to find solutions for upcoming sprints, cause I can't leave a problem alone.
